

## **CAMPUS COMMUNITY PLEDGE**

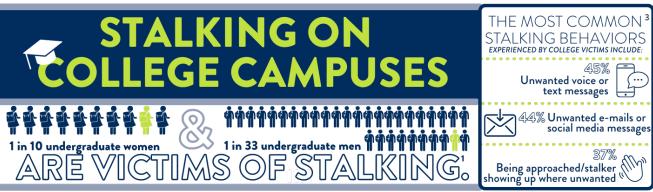

KNOW IT. NAME IT. STOP IT.

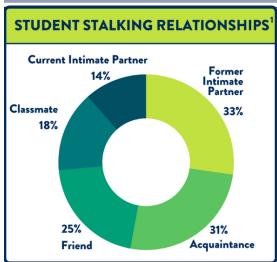

January 2023 marks the nineteenth National Stalking Awareness Month (NSAM), an annual call to action to recognize and respond to this traumatic and dangerous crime. There are many ways to get involved promoting NSAM and raising awareness around stalking. This month—and all year long—we encourage you to explore and support our theme of KNOW IT, NAME IT, STOP IT.

Use the pledge below to honor NSAM and take time to consider why stalking is so underreported, misunderstood, and minimized and what we can do to change that.

Post it on your fridge at home as a personal reminder, on your dorm door or on social media as a public reminder, and/or wherever else you're comfortable posting it. Encourage your friends and classmates to join you and sign their own pledges as well.

We each have a part to play in supporting victims and holding offenders accountable—what's yours?

Young adults ages 18-24 experience the highest rates of stalking among adults.
